Independent rating services evaluate insurance company financial strength. The ratings relate to an insurance company's ability to meet its claims and guarantees. The ratings do not apply to the safety or performance of any specific insurance product. The ratings are as of the date of this report and are subject to change.

Annuity and insurance product rates, guarantees and death benefits are based on the financial strength and claims-paying ability of the issuing company.

Early withdrawals or surrender of the annuity can result in a withdrawal or surrender charge and will be subject to ordinary income taxes. In some instances, annuities may be subject to a market value adjustment. In addition to being taxed as ordinary income, if withdrawals are taken prior to age 59 1/2, they can also be subject to a 10% federal early withdrawal tax.

Bonus annuities may include higher surrender charges, longer surrender periods, lower caps, higher spreads, or other restrictions that are not included in similar annuities that don't offer a bonus feature.

Annuities Genius does not provide tax or legal advice. The information contained in this report should be used for informational purposes only. The appropriate professionals should be consulted on all legal and tax matters prior to or in conjunction with implementation of any strategy.
